1. Declaration of Interest

Councillor Potter stated that as a member of WDDC's Development Control Committee, he would keep an open mind on the planning applications and consider all information available at each stage of the decision process. He would take part in the debate on planning applications at this meeting but not vote on the decisions.

Councillor S. Jones stated that as a member of WDDC's Development Control Committee, she would keep an open mind on the planning applications and consider all information available at each stage of the decision process. She would take part in the debate and vote on planning applications at this meeting.

2. West Dorset District Council and Weymouth & Portland Borough Council Local Plan

WDDC's Corporate Manager - Planning (Community and Policy Development) addressed the Committee giving an update on the review of the Local Plan, which was adopted in October 2015, following comments made by the Planning Inspector and the direction this gave. She spoke about the level of housing supply required until 2031 and beyond, the need for a long term strategy for Dorchester and the constraints of some of the option sites such as highways and heritage issues. Working Groups had been set up involving local Members and she described their role and the timetable for reporting. The District Council was keen to have early consultation with appropriate groups, including the Town Council.

Members then asked questions and discussed a number of points including future pressure on the Town's infrastructure, the impact of second/investment homes and the usefulness of the Town Council undertaking a Neighbourhood Plan.

The Chairman thanked the Corporate Manager for attending the meeting and she offered to come to future meetings as the review process progressed.

The Committee considered that it would not be purposeful to undertake a Neighbourhood Plan at this time but the extent of the Town boundary might need to be reviewed when development sites were identified.

3. Minutes

The Minutes of the meeting of the Committee held on 3 May 2016 were confirmed and signed by the Chairman as a correct record.

4. Minute Update Report

Minute 175/15 Parking Issues Monmouth Road (3 May 2016)

A South Ward Member reported on the recent meeting held with Dorset Highways' Community Highway Officer for Dorchester that had been very useful and the officer had been most supportive and helpful.

Resolved

That the Minute Update Report be noted.

Resolved

That West Dorset District Council be notified of the comments agreed on the various planning applications as set out at Appendix 1 to these minutes.

b) Dorchester Transport and Environment Plan (DTEP)

High Street / Trinity Street Removal of Parking (No. 2066/1/186)

c) Dorchester Transport and Environment Plan (DTEP)

Glyde Path Road Closure

7. Draft Minerals/Waste Sites Plan Update 2016

Committee members had looked at the update to DCC's Draft Minerals/Waste Sites Plan and were disappointed that Louds Mill was still identified as the preferred site for Dorchester's household recycling centre. Members considered that the wider area of land identified north west of Stinsford Hill should be the only household recycling centre for the town as this was a much more appropriate site being away from residential areas. The Committee reiterated the comments made at their meeting held on 21 September 2015 about these sites and agreed that these should be resubmitted to DCC.

Resolved

That DCC be advised that Dorchester Town Council considers that (Site WP10) Stinsford Hill is their first option for a Household Recycling Centre and Waste Transfer Facility and that it does not support the use of (WP11) Loudsmill for any use as a future waste site.

8. **WDDC - Application for works to trees:
WD/TP/16/00148 – Sunninghill Preparatory School, South Walks Road**
WDDC's Tree Officer had advised that this application was to be withdrawn and resubmitted and therefore the Committee agreed to defer consideration of this application. The Committee Clerk was asked to try and arrange a site visit before the Committee formally considered a future application for tree works on this site.

The Minutes of the Meeting of the Committee held on 10 May 2016, adopted by Council on 24 May 2016, were taken as read and were confirmed and signed by the Chairman as a correct record.

2. Community Activities Panel

The Committee considered the minutes of the Community Activities Panel held on 1 June 2016 (Appendix 1 to the minutes). Members felt that the Queen's 90th birthday event in the Gardens had gone well and were pleased with the arrangements made by Dorchester Arts for the bar.

The Deputy Town Clerk updated Members on progress with the arrangements for the Council's Kut Day later in the month.

Resolved

That the minutes be approved so far as this Committee is concerned.

3. Lubbecke Way / Red Cow Farm – Mill Stream – In River Enhancement Scheme

The Committee welcomed Jacob Drew from the Dorset Wildlife Trust who explained a proposal for some in river enhancement works in the area of Lubbecke Way and Red Cow Farm which would improve the river habitat. It was noted that consent would be required from the Environment Agency which would not be forthcoming if the works were to increase the chances of flooding. In respect of a reported request about possibly enhancing the old swimming area just to the far side of Greys Bridge it was noted that the DWT project was being funded for habitat and not amenity within the SSSI and the boundary of that designation was Greys Bridge so unfortunately this would not be possible as the swimming area fell on the other side of the bridge outside of the SSSI. The representative agreed that he would speak with the farmer

about the possibility of increasing the width of the pathway along the bank of the river.

Resolved

That the project be welcomed and supported.

4. Management Arrangements

The Committee considered a new style report from the Outdoor Services Manager updating it on the work undertaken and the achievements made by the Outdoor Services Team. Members welcomed the new style of report and noted that they could report any issues at any time to Council staff.

Resolved

That the Outdoor Services Team update be noted.

5. Projects Update 2016-17

Members had before them a report by the Deputy Town Clerk which updated them on the projects agreed to be undertaken during 2016-17. The Deputy Town Clerk responded to Members detailed questions and the Committee was pleased with the progress made on the projects to date.

Resolved

That the progress on the projects being undertaken during 2016-17 be welcomed.

6. Borough Gardens – New Tennis Courts

Members considered a report by the Deputy Town Clerk which updated them on the progress being made in respect of building a new set of tennis courts on the old bowling green in the Borough Gardens.

The Committee considered proposed plans for the new courts and whether access to the new courts should be provided after the Gardens were closed at the height of the summer and agreed that this could not be justified based on the number of entries into courts 3 and 4 at 9.00pm the previous summer which was just two. Members also agreed that the tender list for the project only include companies that were Sports and Play Construction Association members.

During consideration of this matter Members asked whether something could be done to improve the bamboo area between the corner of the old bowling green and facilities buildings.

Resolved

- (1) That the plans for the new courts be approved.
- (2) That the tender list for the project only include companies that are Sports and Play Construction Association members.

7. Borough Gardens – Marie Curie Area of Tranquillity

Members considered a report by the Deputy Town Clerk on a request received from the Chairman of the local branch of Marie Curie who wished to create a small memorial garden with a plaque for Marie Curie in the Borough Gardens. It was noted that the feedback from the recent Green Flag assessment had suggested that the existing area of daffodil planting in the green area just south of the triangle of land that was seen when you entering from Prince's Street would benefit from some more intensive planting of daffodils and the Committee felt that this area could be ideal for the area of tranquillity especially if the bench at the top end could be opened up which provide a nice vista of the daffodils and fountain.

Resolved

That the request for a Marie Curie area of tranquillity in the Borough Gardens be approved as set out above.

8. Football Pitch Allocation in Dorchester 2016-17

The Committee considered a report by the Deputy Town Clerk which set out proposals for football pitch allocation for the 2016-17 season as set out below:-

- That the Council reduces its supply of adult pitches by one at Sandringham Sports Centre.
- That the Council takes the Great Field Pitches out of use for this season (two x Junior Youth pitches).
- That the Council converts the adult pitch at Sandringham Sports Centre to a Junior Youth pitch.
- Thomas Hardye School has agreed to convert one of its adult pitches to a Junior Youth pitch.
- The Council to provide an additional mini pitch at Weymouth Avenue Recreation Ground.

Resolved

That the proposals for football pitch allocation in 2016-17 be agreed.

9. **Dorchester Disabled Club – Grant Application**

Members considered a grant application from the Dorchester Disabled Club which was seeking a grant of £1,000 towards a new replacement adapted mini bus the total cost of which was £50,000.

The Committee supported the application but felt that the Club could increase its charges to help it become more sustainable in the future and that it should also consider contacting the Fleet Manager at Dorset County Council as that Council was reducing the number of vehicles it used quite significantly and might be able to offer a suitable second hand vehicle at a much reduced price.

Resolved

That the grant application of £1,000 be agreed and that the Club be informed of this Committee's view that it should consider increasing its charges to help it become more sustainable in the future and that it should also consider contacting the Fleet Manager at Dorset County Council as that Council was reducing the number of vehicles it used quite significantly and might be able to offer a suitable second hand vehicle at a much reduced price.

10. **A National Memorial to The County Infantry Regiments of Devon and Dorset**

The Committee considered correspondence from The Devonshire and Dorset Regiment seeking support for a project to establish a memorial to the county regiments of Devon and Dorset at the National Memorial Arboretum. The total cost of the project was £140,000.

Members felt that the town had many historic links with the Regiment and the project should be supported. It was also felt that, once unveiled, the memorial could be the basis of a 2017 WW1 commemoration event.

Resolved

That a contribution of £1,000 be made to the proposed National Memorial to The Regiments of Devon and Dorset.

11. **Cemetery Matters**

(a) **Exclusive Right of Burial and Interments and Burial of Ashes**

The Committee had before it a report with details of the Grants of Exclusive Right of Burial for grave spaces and the number of interments and burials of ashes together with South Chapel usage at Dorchester Cemetery, since the last meeting of the Committee.

Resolved

That the report on the Grants of Exclusive Right of Burial and Interments and Burial of Ashes since the last meeting of the Committee be noted.

(b) **Headstones and Inscriptions**

The Committee received and noted applications for the design of headstones and inscriptions.

Resolved

That the action of the Town Clerk in approving designs numbered 4168 to 4181 be confirmed and the Register of Memorials be signed by the Chairman as a correct record.

12. Buildings Monitoring Report

The Committee received the monitoring reports for the Municipal Buildings, Weymouth Avenue Pavilion and Borough Gardens House. The Deputy Town Clerk gave background detail to the reasons behind differences in the year to year income/session comparator figures.

Members requested that the Council Chamber and Town Hall doors be re-painted in a solid colour.

Resolved

- (1) That the Buildings Monitoring Report be noted.
- (2) That the Council Chamber and Town Hall doors be re-painted in a solid colour.

13. Dorchester Arts

The Committee received and noted the minutes of the liaison meeting between Dorchester Arts Board and Town Councillors held on 20 June 2016. Members were pleased that the arrangement was generally going well.

The Clerk to the Panel confirmed to Members that the final preparations were underway, that plenty of signage for the various attractions would be placed in the Borough Gardens on the day and that extra bins had been ordered. The Panel noted that former Town Councillor and Mayor, Leslie Phillips would be creating a display of commemorative china in the Borough Gardens House prior to the event. Members heard from Sam Wood of Dorchester Arts that a large bar would be available on the day and that it would be well stocked. Members were concerned about staffing arrangements for the event and reiterated the need for extra staff for the bar. The Panel heard that the event had been well promoted on Facebook and that a good number of Members had volunteered to help on the day.

2. WW1 Commemorations

Members requested that the Clerk to the Panel invite a number of different organisations and faith groups from the town to have an involvement in the event. 3. Corporate Plan – Key Events since last full Update in May 2016

The Committee received a report covering progress on projects included in the Corporate Plan.

The Town Clerk updated the meeting with the news that neither of the two projects submitted as Expressions of Interest as part of the national Growth Deal 3 programme would be taken further by the Dorset LEP. A report on the impact of this decision on the Heritage Tourism in Dorchester project will be made to a future meeting.

Having previously undertaken a site visit on The Walks the Committee indicated it was open to considering how, as an alternative to speeding up the delivery of further phases of The Walks programme, the savings arising from reduced cost of implementing the programme might be used to expand the works planned for South Street. The Town Clerk will report on options to the September Committee.

The Committee considered a request for a grant from Dorset County Museum, based on the information received at the presentation made by the Museum on 28 June. They also noted the potential for a long term loan towards the project.

Recommended to Council

That a grant of £25,000 is made to the Dorset County Museum, with conditions to be agreed between the Town Clerk and the Museum Director.
